CAREER OBJECTIVE

I am a dedicated web developer with over 6 months of experience specializing in front-end development. My passion lies in crafting responsive website designs, and I strongly advocate for the mobile-first approach. Committed to continuous learning, I constantly seek new knowledge and techniques to enhance my skills.

SKILLS

- **Front-End :** Proficient in HTML, CSS and JavaScript
- **Back-End :**   Node.js, Express.js
- **Framework :** Front-end Frameworks React.js, TailwindCSS
- **Database :** MongoDB
- **Soft Skils :** Interpersonal Communication
- **Tools :** VS code, Firebase, Netlify, Vercel, Git, Github, Trello

PROJECTS (Mobile and Desktop friendly)

Perfect Profile : 🔗Live Link Github Client Github Server

- **Overview:** Perfect Profile optimizes job readiness by offering real-time updates, live previews, and personalized guidance, helping users craft resumes that truly reflect their strengths and make a strong impression.

Main Features :

- Live Preview System: Allows real-time preview while creating the resume.
- Template Customization: Customize templates to fit your personal style.
- One to One Guidance: Personalized guidance and support for users.
- Version Control: Enables saving different versions for easy updates.
- Multiple Export Options: Download resumes in PDF, PNG, or JPG for versatile, professional use.
- **Technologies :** React.js | Redux | TailwindCSS | sslCommerz | Axios | JWT | Express.js | Node.js | MongoDB

Art and Craft Project : 🔗Live Link Github Client Github Server

- **Overview:** The Project Gallery allows users to browse art and craft projects submitted by the community.

Main Features

- Inspiration: Users gain access to a wide variety of projects that can inspire their own creative endeavors.
- Learning :   Users can learn new techniques by exploring different projects.
- **Technologies :** HTML | TailwindCSS | DaisyUI | React.js | Express.js | Node.js | MongoDB

Uniting Volunteer : 🔗Live Link Github Client Github Server

- **Overview:** Uniting Volunteer connects volunteers and organizations for community projects.

Main Features :

- Community Building : Promotes collaboration among volunteers and organizations.
- Event Management: Coordinates volunteer events, maximizing participation.
- **Technologies :** HTML | TailwindCSS | DaisyUI | React.js | Express.js | Node.js | MongoDB

EDUCATION

Bachelor of Social Science
2022-2026

- **Certificate:** Complete Web Course With Jhankar Mahbub   Credential
